

## Roosevelt Gives Outline Today for Advisory Council

Group including Big and Little Business Men Would Have Voice in Formulating National Economic Policies.

**BUT NOT AN NRA**  
**White House Secretary Makes Point De-emphasizing NRA Revival.**

Washington, Jan. 20 (AP)—Organization of a continuing, all-embracing council was put forward by President Roosevelt today as a simple method of helping the administration formulate national economic policies.

Consumers, investors, credit men, farmers, laborers, distributors, transportation men, financiers, and big and little business men—all these should have a voice, Mr. Roosevelt told 49 prominent industrialists late yesterday.

Stephen Early, White House secretary, emphasized this did not point to a revival of the NRA. The President and his visitors, who compose Secretary of the White House's business advisory council, harmoniously discussed broad proposals for stimulating the economy, their meeting in the cabinet room next to the President's office lasted for 90 minutes.

The business council members, saying that the United States possesses all factors needed for prosperity, if they are put to use, told the President in a formal statement of their views:

"Uncertainties that exist in the hearts of men today must be eradicated."

It is essential, the statement added, that the public know "what forms of business organization are to be encouraged in their development and what are to be affected by reform."

**Qualifies Early Stand**  
Mr. Roosevelt, who said a week ago he was working toward the abolition of all holding companies, qualified this yesterday by saying he recognized that some types are in the public interest.

The business men, finding much to endorse in administration efforts, pledged support for the principles of wage and hour legislation, federal protection for farm income, modernization of anti-trust laws, and long-range planning to keep industrial employment steady.

There was an apparent agreement around the conference table that the current recession does not call for renewal of heavy federal spending.

The council, with Mr. Roosevelt concurring, said that the immediate problem is to stimulate reemployment in private industry, and that continued study of this problem by representatives of industry, labor and agriculture "in cooperation with the government" is needed.

**Council Recommendations**  
Recommendations of the council, together with comments by the President, included:

Stimulate the flow of private capital by modifying the undistributed profits and capital gains taxes (which Congress is already working on) and by giving investors "reassurance as to the direction reform is to take." The President urged new machinery for selling securities to small investors.

Do not cheapen the dollar or adopt "pump priming" expenditures. This was especially approved by the President in giving general approval to the whole council statement.

**Limit Campaign**  
Limit the campaign for elimination of holding companies to the necessary and undesirable ones, not all of them. The President said some holding companies are necessary for mass efficiency and are in the public interest.

Modernize the anti-trust laws but legalize the desirable type of cooperation which was part of NRA. The President generally agreed.

Postpone wages and hours legislation for further study of methods of accomplishing this purpose by the business and labor leaders who have experience on the question through NRA work. Mr. Roosevelt approved the study idea but said he hoped it would not prevent legislation at the current session of Congress.

Make labor assume the responsibility that goes with privileges. The President said he favored getting unions, but general consent instead of by law, to make public their income and expenditures.

## Millard Davis Again President Of State Farmers

Albany, N. Y., Jan. 20 (AP)—Governor Herbert H. Lehman believes state aid cannot supplant "individual effort, initiative and enterprise" among New York state farmers.

The governor last night told members of the State Agricultural Society he was, nevertheless, in favor of a "sympathetic, helpful and cooperative" governmental attitude toward agriculture.

At the same time he outlined four steps toward achieving what he termed a desired balance of "demand and supply through the operation of natural forces."

Increase purchasing power of the industrial population which constitutes the principal market for farm products.

Provide "every protection which the state legitimately can" for farm produce to insure its reaching the consumer at a fair and reasonable price.

Create and stimulate demand as by the state-sponsored "drink more milk" campaign.

Diversification of farm crops as recommended by agriculture Commissioner Holton V. Noyes.

The society urged the 1938 legislature to refrain from tampering with the Rogers-Allen law which permits bargaining between milk producers and distributors to fix prices and re-elected its entire slate of 1937 officers.

Headed by Millard Davis, Kerhonsen, president, the officers include:

Vice presidents—H. B. Knapp, Farmingdale; Van C. Whitehouse, Canton; E. J. Walrath, Evans Mills; and Lawrence Howard, Kinderhook.

## Senate Group Approves Reed

Washington, Jan. 20 (AP)—A Senate Judiciary sub-committee voted unanimous approval today of the nomination of Stanley F. Reed to be a justice of the Supreme Court.

The vote was taken immediately after the committee concluded a brief hearing on Reed's qualifications.

Senator Logan (D., Ky.) said there was no discussion of Reed's qualifications by the committee members.

The brief hearing was attended by Reed, now solicitor general, and Attorney General Cummings.

The attorney general praised Reed's legal ability and said the nomination of the 53-year-old Kentuckian was a "great personal satisfaction."

The Judiciary subcommittee will put the nomination of the solicitor general before the full Judiciary committee Monday.

Approval was expected and final Senate confirmation was slated for early next week.

**First Step Won**  
Paris, Jan. 20 (AP)—Premier Camille Chautauque and his new-formed government won the first step today in efforts to arbitrate recurring labor disputes.

**Earle Would Suspend Out-of-State Licenses**  
Harrisburg, Pa., Jan. 20 (AP)—Governor George H. Earle's highway safety campaign broadened out today as the Pennsylvania government sought reciprocal agreements to suspend licenses of out-of-state speeders.

J. Griffith Boardman, secretary of revenue, said he had written governors and traffic law enforcement agencies in every other state urging the compacts for a 90-day suspension of licenses.

Pennsylvania boosted its speed limit from 40 to 50 miles an hour in September. Governor Earle has ordered suspension of licenses as the penalty for violation.

"I've received replies from three states to date—Vermont, Tennessee and Connecticut," Boardman said. "All of them express sympathy with Governor Earle's objectives in this safety campaign, and pledge complete cooperation."

But whether the newly-formed speed violation unit of the department of revenue can enforce its summonses mailed to out-of-state drivers, through having other states suspend their licenses, remained a legal problem, Boardman said.

A new batch of 22 summonses sent out today all were addressed to motorists residing outside Pennsylvania.

Thirteen were from New York.

## Birger Rund, Nils Eie May Compete Sunday At Rosendale Tourney

Former World's Champion and U. S. Intercollegiate Champion May Take to Air on Joppenbergh Mountain Slope.

**25-INCH SILVER CUP**  
Field of Champions Will Compete for Large Trophy Now on View.

With a 25-inch Rosendale Township Association silver ski trophy being offered to the winner of the Telemark Ski Club jumping tournament Sunday afternoon on Joppenbergh Mountain in Rosendale, the roster of famous jumpers to enter the event is growing. The trophy will be retired for the permanent possession of the jumper who wins it three times.

Martin Dittman, raised in the Austrian Alps and college champion there in the combined event (downhill racing and jumping) sent in his entry today. He is a former west coast star and is competing now for the Telemark Ski Club. Two other new entries are those of Carl J. Bergersen, son of Enevald Bergersen, who was one of the world's most famous jumpers a generation ago; and Trygve Robstad, who is the champion junior jumper of Mosjøen, Norway.

**Making Every Effort.**  
With Birger Rund and Nils Eie, the former world champion and the latter the U. S. Intercollegiate champ, back in the east after competing in Chicago before 20,000 fans at the Norge ski tournament last Sunday, every effort will be made by the Telemark Ski Club officials to enter these outstanding performers of the current season in the Rosendale tourney. When interviewed yesterday, Bernie Hansson, Telemark president, had not yet received their entries but appeared hopeful at the prospect of bringing them to Ulster county.

**Cup in Competition.**  
The large silver cup will go into competition on a three-day basis. The winner of Sunday's meet will be presented with a replica of the original. The jumper who wins the Telemark meet three times will win the trophy.

The cup, mounted by the figure of a skier holding his skis under his arms. The inscription on the cup reads: "Presented by the Rosendale Township Association to winner of Telemark Ski Tournament—Awarded to—". Each winner's name, if there is a series, will be engraved on the trophy.

Those desirous of seeing the cup may view it in the window of Winne's hardware store, on Wall street.

Members of the Rosendale Township Association have been busy all week clearing a space for parking at the foot of the Joppenbergh jump. This area will accommodate at least 500 cars. Plenty of additional space will be found in the village.

**"Views" Are Good Thing.**  
Trenton, N. J., Jan. 20 (AP)—Taking cognizance of Washington criticism of John Milton, his appointee to the United States Senate, Governor A. Harry Moore said today: "You can't rule a man out because of his views."

"You might not have any senate if you tried inside," he remarked. "Those who are agreed with them," Senator Morris (Ind-Neb) said yesterday reports thus far received by him of Milton were unfavorable.

**Tanker Captured.**  
New York, Jan. 20 (AP)—The American Steamship Nantucket Chief was captured by insurgent war vessels as it attempted to deliver its second cargo of gasoline to the Spanish government, Daniel W. Armstrong, vice-president of the Eastern States Petroleum Co., said today.

Armstrong said the ship was owned by the Nantucket Chief Steamboat Co., in which his concern held "only a certain interest."

**"Middle-aged" Testimony**  
New York, Jan. 20 (AP)—Representatives of civil service, welfare, insurance and war veteran groups testified today at a hearing of the state joint legislative committee investigating alleged discrimination by employers against middle-aged persons. The committee is holding a three-day session, which will end with testimony by Mayor F. H. LaGuardia. Assemblyman James J. Wadsworth is chairman of the committee.

**New Buick Smashed by Truck**  
A new 1938 Buick sedan was badly damaged at Wawarsing about 6:30 o'clock last night when it was struck by a truck which was backing out of a driveway.

The accident happened opposite the Central Valley Restaurant in Wawarsing. No injuries were reported.

**George Martin Dies**  
New York, Jan. 20 (AP)—George Martin, 48, former newspaper and magazine editor and editorial director of the "Rochester Post-Express" was found dead yesterday in the gas-filled kitchen of his apartment.

## COMMANDS FLIGHT TO HAWAII

Lt. Comm. Spencer H. Warner, shown beside his plane at San Diego, Calif., was in command of the 18 U. S. navy patrol planes which successfully completed a mass flight to Honolulu, T. H. The giant ships reached Pearl Harbor in slightly more than 20 hours.

## Scouts Get Start on Joel Brink New Endowment Fund, Ulster Co. Savings Executive Says Institution Head

At last, according to an announcement made by Scout Executive Wright at the ninth annual dinner and meeting of the Ulster-Greene Council, Boy Scouts, held at the Governor Clinton last night, the Council has received a start on its endowment fund. Mr. Wright stated that the Council had received a legacy the past year of \$5,227. The bequest is from the estate of Mrs. Cora Broadhead, formerly of Gardiner.

The annual meeting was generally conceded to have been the most interesting, as it was the largest attended, of any yet held. 150 being present.

At the business meeting in the afternoon all the present officers, headed by R. F. Overhag as president, were re-elected. The following new members were added to the Council: Dr. Roland Will, New Paltz; Leland Pulling, Ellenville; Lester J. Roosa, Stone Ridge; Harold Van Voorhis, Saugerties; Herbert Segelken, Phoenicia; F. B. Rashbach, Tannersville; Don Brockett, Windham.

**Gets Emblem**  
President Overhag presided at the dinner and program which followed, last night. One of the features of the evening was the presentation to Mr. Overhag of the Silver Beaver emblem, awarded by the National Council for outstanding work for boys. Two other members of the Council—Sidney K. Clapp and Harry S. Ellison—have previously received this coveted award.

Proceeding the service of the turkey dinner, guests rose and sang a verse of America and the Key John D. Simmons, of St. Joseph's Church, Kingston, gave the invocation.

The presence of nearly 40 Boy Scouts, including 16 who had attained to the high rank of Eagle Scout, added to the pleasure and interest of the evening. The scouts took an active and commendable part in the program. 22 of them, representing that many troops in the Council, being called on to speak. The boys told briefly, what their troops were doing. They did their parts well, every one.

**Miss Dewees to Hudson.**  
Claymont, Del., Jan. 20 (AP)—Miss Mary Dewees resigned today as superintendent of the Delaware Industrial School for Girls effective March 1. Miss Dewees, head of the school since 1928, will become superintendent of the New York Training School for Girls at Hudson, N. Y.

**Dead of Burns.**  
Elmira, N. Y., Jan. 20 (AP)—Mrs. Bess G. Gibson, wife of Malcolm D. Gibson, former theatre manager, was found dead of burns on her bedroom floor here last night. Police Chief Elvin D. Weaver said that inflammable finish on a bathroom fixture had been ignited in some way and set fire to her clothing.

**FIRE IN BUTCHER SHOP**  
**FIREMEN ARE CALLED.**

David Samuels while at work in his store at Broadway and Cedar street about 11 o'clock Wednesday evening smelled smoke but could discover no fire. He called the fire department and an investigation disclosed that the fire was in the butcher shop adjoining. Operated by Vincent Lucanti. The fire was under the flooring. There is no cellar under the butcher shop and the fire had started in the space between the floor and the ground. The damage was slight.

**Treasury Receipts.**  
Washington, Jan. 20 (AP)—The position of the treasury on January 18: Receipts, \$22,500,468; expenditures, \$16,621,838; balance, \$5,878,630. Receipts for the month, \$1,911,201.77. **Reports Submitted At Y.W.C.A. Meeting**  
The following reports of the general secretary and treasurer of the local Y. W. C. A. for the year January, 1937, to January, 1938, were submitted at the annual meeting on Tuesday evening:

**Report of The General Secretary January 1937-January 1938**  
As we pause to review the work of the Kingston Young Women's Christian Association during the past year, it is interesting to remind ourselves of not only the national but the world scope of our association. It cannot but inspire us when we realize that the Y. W. C. A. is active in 52 countries of the world and that among the leaders are many of the most outstanding personalities of these countries. Its emphasis is on a friendly fellowship that trains leadership and that contributes to the thought-life of girls and women. In its service to those of many creeds and nationalities, it has a unique opportunity to help

## Justice Tompkins Dead; 29 Years In State Supreme Court

Retired in 1935 After 29 Years in State Supreme Court, Six Years of Which Were in Appellate Division.

**PROMINENT MASON**  
Was Grand Master of the State of New York and Widely Known in This City.

Nyack, N. Y., Jan. 20 (AP)—Former Supreme Court Justice Arthur S. Tompkins died this morning in Nyack Hospital where he had been a patient since he suffered a stroke January 1. He was 72.

Justice Tompkins had been in a coma since Friday. At his bedside, when he died, were his wife, his son, Arthur S. Tompkins, Jr., and his daughter, Miss Marjorie Tompkins.

The jurist, who was born August 26, 1865, retired in 1935 after 29 years in the State Supreme Court. He was on the appellate division bench the last six of those years.

He had presided at a number of notable trials, among them the trial of William A. Anderson, former New York State Anti-Saloon League president who was charged with bribery; the trial of Frank H. Harder, state superintendent of banks; and the trial of Maurice E. Connolly, president of Queens, in connection with a sewer scandal in that New York city borough.

Long active in Republican affairs in the state, Justice Tompkins nominated William Heakley, the unsuccessful Republican candidate for governor, at the 1936 state convention.

He was born in Schoharie county, New York, was admitted to the bar in 1886 and began the practice of law in Nyack. He served for a time in the State Assembly, was a Rockland county judge from 1893 to 1899, and left the bench to serve in the 56th and 57th sessions of Congress.

He was elected to the Supreme Court in 1906 for a term of 14 years, was re-elected in 1920 with the endorsement of the Democratic party, and again in 1934 for a term of one year before he reached the age of retirement limit of 70.

His widow is the former Jeanie C. Logan of Tarrytown, N. Y. They were married in 1889.

Justice Tompkins, prominent for years in Masonic affairs, was grand master of the state of New York in 1922-23. He was also a member of the Odd Fellows, the Elks, and the Union League Club in New York city.

In 1922 he denounced the Ku Klux Klan, later calling upon Klansmen "to love their neighbors and rid themselves of their racial and religious prejudices."

An ardent trainer and driver of trotting horses, Justice Tompkins trained his horses on a track near his home, in the Orangeburg track near his home, and raced them at the Goshen track. As late as August 6, 1934, he raced against, and beat, Jersey for the Vynboro killing.

Crum was acquitted, and was sentenced of 2 to 15 years in a New Jersey prison. He was brought here under guard to be tried, and will be returned to prison after the trial.

**Fit and Laster.**  
New York, Jan. 20 (AP)—Looking fit and eager for the start of another pennant campaign, Manager Mickey Vernon of the Detroit Tigers sailed out port today from a two-week vacation jaunt around the West Indies. Mickey, apparently fully recovered from the bean ball injury that almost cost his life last summer, planned to go ashore immediately to Detroit to complete final plans for the spring training of the Tigers.

**Operate on Dr. Crowley.**  
Dr. Thomas F. Crowley of 137 Fair street was operated on yesterday for appendicitis at the Benet Hospital. He is reported to be in good condition.

## Would Place Ulster Within 30th District

Albany, Jan. 20.—(Special)—Reapportionment of the state's congressional districts, to provide for placement of Ulster county in the 30th district with Columbia, Dutchess and all of Rensselaer county except the city of Troy, is proposed in a bill introduced in the legislature Wednesday by Assemblyman Daniel E. Fitzpatrick, newly-elected Democratic member from Jamaica, Queens county.

At present time, a bill is in the Assembly's reapportionment committee awaiting further consideration. The measure is identical with one sponsored during the 1937 session of the legislature by former Assemblyman Maurice Fitzgerald.

Under present laws, the state is divided into 43 congressional districts, while the Fitzpatrick bill would provide for 45 districts. Ulster is now in the 27th congressional district, along with the counties of Sullivan, Greene, Columbia and Schoharie.

## Swift Action on State Milk Seen In Albany Today

**Charles Carlsen Died This Morning At the Benedictine**

Charles Carlsen of Samsonville, who was brought to the Benedictine Hospital Monday night, apparently suffering from a cerebral hemorrhage, possibly brought on by shock following an automobile accident about 3:30 that afternoon, died at the hospital early this morning.

Coroner Lester D. DuBois of New Paltz was notified and came to the hospital. Mr. DuBois ordered an autopsy performed to determine the exact cause of Mr. Carlsen's death.

Carlsen's car was damaged Monday afternoon when it was in collision with a car driven by Lauren Hesley of West Shokan. The accident happened near the intersection of the road leading from Pataunkunk and Route 209, at the top of Devo's hill, near Kerhonsen. Hesley told Troop or Dunn that Carlsen did not complain of having been injured at the time of the accident. He started to drive home, but his car developed clutch trouble and he was taken home by Carl Windrum, Kerhonsen garage man. Before arriving at his home Carlsen became unconscious.

Mr. Hans J. Cohn of Shokan examined him, diagnosed the case as one of cerebral hemorrhage, and ordered him taken to the Benedictine Hospital.

## Weise Testifies In Crum Case

Newburgh, N. Y., Jan. 20 (AP)—Confessing complicity in two gasoline station holdup slayings, Charles Weise, 26, Tenafly, N. J., convicted, signed a waiver of immunity and testified for the state today in the first degree murder trial of William Crum, 32, of Leonia, N. J.

Weise said he participated with Crum in the 317 robbery slaying of Grover Nelson, 13, Walden, N. Y., gasoline station operator, on December 11, 1934. Crum is being tried in Orange County Court.

Weise testified that he, Crum and John L'Arrive also took part in another gasoline station robbery the night of December 15, 1934, in which Emil Vynborny of Englewood Cliffs, N. J., was slain.

L'Arrive was executed in New York. Crum was sentenced to 15 years in a New Jersey prison. He was brought here under guard to be tried, and will be returned to prison after the trial.

## Two-billion Dollar Dairy Industry's Central Problem Is to Encourage Consumer-Cooperative Units.

**PICKET BILL**  
Legislation Asked to Clarify State Penal Law on "Peaceful Picketing."

Albany, N. Y., Jan. 20 (AP)—Problems affecting New York's troubled two-billion dollar dairy industry headed swiftly today toward legislative consideration.

Principal concern of lawmakers appeared likely to center in legislation designed to encourage organization of consumer-cooperative units, assisting in eliminating the "spread" between the price the farmer receives and what the consumer pays, and a statute controlling farmers' surplus milk.

Meanwhile, a thus far lethargic legislature suspended actual business until Monday night. In the interim, only bills will be introduced.

One of the new measures proposes a \$500,000 appropriation to pay additional indemnities to farmers for dairy herds destroyed because of blains disease. Other bills would:

Provide for adoption of codes for fair competition for service industries—barber shops, beauty shops, cleaning and dyeing, clothes pressing and repairing, laundries, service garages and gasoline stations; or petition of owners of managers of not less than 50 per cent of firms in such industries.

**Second-Hand Car Sales**  
Require dealers in second-hand motor vehicles, upon sale or transfer of title, to execute written instrument showing make, year, engine number, name and address of vendor, with certificate that brakes and other equipment are mechanically adjusted. (Assemblyman Harold Ehrlich.)

Extend absentee registration, privileges of veterans to wives, widows, mothers and dependent daughters of soldiers, sailors, marines or army nurses who are inmates of state institutions and who reside in election districts where personal registration is required.

Provide a compulsory five-day week in factory or mercantile establishments except in an emergency under rules of the State Labor Department.

**"Peaceful Picketing"**  
New York's Legislature was asked today to clarify the state penal law in regard to "peaceful picketing."

The request was made in a bill introduced by Assemblyman Nathaniel M. Minkoff, New York city American Laborite, who asserted that despite a state court of appeals ruling upholding peaceful picketing, hundreds of workers on picket lines are subjected to indictments of arrest.

"The courts," Minkoff asserted, "has been on the wrong side of the liberal rulings of the highest courts because of a lack of clarity of what really constitutes peaceful picketing."

The assemblyman said that his bill aimed to clear up "ambiguity" in the penal law and "conform it to the decisions of the Court of Appeals" by limiting its application to cases of "breach of peace, causing public consternation and alarm."

Creation of a joint legislative committee to determine how the legislature could guarantee secrecy of information given under the state's unemployment insurance law was proposed in the Senate today.

A resolution sponsored by Senator Walter J. Mahoney, Erie county Republican, called for study of a recent opinion by State Attorney General John J. Bennett, Jr., which said that such information could be made available "if for an appropriate public purpose."

Mahoney contended in his resolution that such disclosures would constitute a "breach of trust."

**Colonel Found Dead.**  
Fort Leavenworth, Kan., Jan. 20 (AP)—Col. R. E. McNeil, 51, commander of a battalion of the 15th Infantry, was found shot to death today near a little-used road on the military reservation. Military authorities launched an immediate investigation and Federal Bureau of Investigation agents came here from Kansas City to assist.

**Thief Found Guilty.**  
Buffalo, N. Y., Jan. 20 (AP)—Frederick E. Thieroff, 62-year-old cashier, was accused of stealing \$11,577 in Erie county funds, pleaded guilty today to a charge of second degree grand larceny. Sentence will be passed a week from tomorrow, at which time several other counts against him are scheduled to be tried.

## City Home Relief Jobs Are Put on Civil Service

The setting up of the home relief department of the city on a permanent civil service basis, the same as the police and fire departments, is expected to be undertaken within the next few months by the local Municipal Civil Service Commission.

The change will affect 22 employees, who will be required to take and pass civil service examinations in order to retain their positions.

The state civil service commission is calling the attention of all municipal service boards to certain sections of the public welfare law passed at the last session of the New York state legislature, which requires that permanent appointments to positions in the home relief division of the municipal welfare departments must be made before July 1. The qualifications for these positions must meet the approval of the state department of social welfare if reimbursements from state funds are sought.

In the law certain exceptions to the required qualifications are provided for experience in local departments of public welfare or in an emergency relief bureau for a period of not less than three months between July 1, 1936, and June 30, 1937.

Referring to home relief staffs of public welfare departments one section provides that permanent or temporary appointments shall be made from eligible lists established by competitive examinations.

Fifty sets of officer's quarters, a barracks, an armory, academic building and an addition to the gymnasium are being built at the United States Military Academy, West Point.

## ESCAPE KILLER OF SIX

Her senses still numbed from a hand to hand struggle with the slayer of two of her children, Mrs. Marvin Leddy is shown in Lake City, Minn., embracing her four-year-old son, Roger, who blew out a lamp to save himself from gunfire by his uncle, Lawrence Leddy, who slew six persons, including his wife, his own two children and himself in a feud over a farm he operated near Durand, Wis., with his brother, Marvin.

## IN COUNTY GRANGES

Regular meeting of Plattekill Grange was held at the Grange Hall on Thursday evening.

The literary program entitled, "Hobby Show" was in charge of the following committee: Mrs. Herman Cook, chairman; Evelyn Prosser, Rose Lancelotti, Lou Benedict, George Martin, Herman Cook.

The new lecturer, Mrs. Burton Ward, has presented two interesting programs. Dorothy Sims, past lecturer, presented to the Grange a gold medal certificate which was awarded her for splendid lecture program presented during the year. Miss Sims is now Ulster County Pomona lecturer.

Hosts and hostesses, Mr. and Mrs. Frank Lozier, Mr. and Mrs. Samuel Drane-Beld, Mr. and Mrs. Edmore Lozier, Mr. and Mrs. Ralph Van Dusen, Alice Crowell, Gordon and Franklin Lozier, Margaret Holt.

A dance will be held at the Grange Hall on Friday evening, January 21. Music for dancing will be furnished by the "Cottick Kill Glee Club" under the direction of Grace Davis Hicks. These dances, which are held on the third Friday of each month, have been popular during the year. The committee in charge of Friday's dance is Lou Benedict, chairman; Evelyn Prosser,

Mr. and Mrs. Herman Cook, Rose Lancelotti, George Martin Jr.

A series of card parties and dart ball games will start on January 25, at the Grange Hall. The service and hospitality committee will sponsor these parties, as in past years. It is hoped that the new dart ball game will attract those who are not interested in cards. Each woman who attends is asked to bring one dozen sandwiches.

The next meeting of Plattekill Grange will be held on Thursday evening, January 27. The literary program will be entitled "Friendship" and will be in charge of Wilson Edmunds, chairman; Mrs. Wilson Edmunds, Mrs. George Eckert, Sheldon Edmunds, Mr. and Mrs. Lewis Rhodes.

A large attendance greeted Miss Rhoda Hinkley, ninth district director of the New York State Federation of Women's Clubs, who gave an informal talk at the meeting of the Study Club Tuesday afternoon in the Grange Hall. After Miss Hinkley's talk, Mrs. Arthur, accompanied by Mrs. DeWitt Clinton Seward, sang "Oh Dry Those Tears." After this tea was served.

Several young people of this village attended the party at the home of Mrs. Fred Osterhout in Ohioville.

Mrs. Goldie Whitman and son, Frank, were guests of friends in Plutarch on Sunday.

Michael Yoss of Pennsylvania spent the week-end with his parents.

Rexford Schneider and Louis Yoss, Jr., visited Philadelphia recently.

The Misses Catherine and Marion Bureigh called on Miss Whitman in Plutarch Monday afternoon.

### TWO-WHEEL WOOING

East Bethany Swain Has Hadly, Too

East Bethany, N. Y., Jan. 20 (AP)—When it comes to wooing a girl few things beat a nice streamlined 1938 model bicycle—especially if it is equipped with a powerful six tube radio.

This musing came today from 22-year-old farmhand, Joseph Barclay, who thinks nothing of pedaling 100 miles "every other Sunday" to call on his girl—or girls.

"I thought things were going to be pretty tough when they took away my driver's license for reckless driving and I couldn't drive my car two years ago then I thought of this," he asserted as he placed a calloused hand on his "super special" wheel.

A few more billion words of controversy and we'll have this recession licked.

The abolition by the telegraph companies of charges for punctuation marks is a boon to the clarity of telegraph messages. There may be no more such cryptic communications as "Start service stop bill monthly stop usual terms." The companies, in a wild burst of generosity, have announced that they will transmit commas, periods, dashes, hyphens, colons, semi-colons, parentheses, quotation marks, apostrophes and question marks, for patrons literate enough to desire such accessories.

## FLASHES OF LIFE SKETCHED IN BRIEF

What Next?

Shelbyville, Ill.—Farmer Paul Wilson's cows, hogs and horses like mountain music.

They like it so well that Wilson, instead of tramping out in the frosty stubble to yodel them home for milking and feeding, just tunes in a bill-billy program over a loudspeaker hung on the barn door. That brings them on the trot.

Life Begins at 92.

Red Lodge, Mont.—"Life begins at 92," insisted Washington A. "Uncle Billy" Boyer, Civil War veteran, as he wed Dolly E. Trotter, 71.

They plan a wedding trip to the annual G. A. R. reunion at Gettysburg, Pa.

Or Maybe Even at 100.

Everett, Wash.—T. H. Bowman, celebrating his 90th birthday, vociferously vetoed his 12 children's proposal to give him a

well-cushioned chair.

"When you get as old as I am, you need exercise," he declared. "Get me a five-foot, cross-cut saw. It'll do me more good."

Yegg Omelette.

Indianapolis — Harry Silver didn't begrudge the carton of cigarettes he stole from his grocery store—but he was peevish at the way they turned the store into a "slapstick" movie set.

The burglars broke 15 dozen eggs on the floor, walls and counters. Then they seasoned their impromptu omelette with two crushed bananas and five pounds of beans.

A record of no major criminal cases at Endicott in nearly two years is reported by city police. An armed holdup occurred in December, 1935, but since that time there has not been a single murder, large burglary, theft or swindle.

## In every glass—PURITY, BODY, FLAVOR

It's all a matter of timing—it took 98 years to make Ballantine's Ale and Beer as good as they are today. Back in 1840, it was, that Peter Ballantine established his standards of excellence: His brew must have PURITY... BODY... FLAVOR. Now the skill and experience of generations have been added to this original excellence. You'll taste it all in your next long glass—just say, "MAKE MINE BALLANTINE'S!" On draught... in bottles (12 oz. and full quart)... in copper-colored cans (12 oz. and full quart)... America's finest since 1840.

"For 8 years, at auction after auction in Georgia, North Carolina, Tennessee and Kentucky," says Ray Oglesby, "I've seen Lucky Strike buy exactly the same fine grades of tobacco... and that's

one reason I've smoked Luckies since I've been an auctioneer. "Luckies suit my taste to a T. And as an auctioneer I've been thankful for Luckies plenty of times because they're so easy on my throat."

Your taste and your throat will tell you why so many experts, like Mr. Oglesby, prefer Luckies... Sworn records show that, among independent tobacco experts, Luckies

## UNDEBTAKERS AGAINST 1938 LICENSE PLATES

Bolivar, N. Y., Jan. 20 (AP)—Undertakers in two western New York counties stood united today against 1938 license plates on the grounds that "hearses were no

place for World's Fair advertising." One group, the Allegany County Funeral Directors' Association, announced it would seek legislative action to amend the motor vehicle law which forces funeral coaches to carry New York World's Fair advertising on their license plates.

★ How can you be sure that the food your child eats contains sufficient iodine to protect her from goitre? There is only one wise precaution. The Council on Foods of the American Medical Association states: "Worcester Iodized Salt used daily as the only salt on the table and in cooking richly supplements the iodine of diets deficient in that element and thus helps to protect against simple goitre." Don't risk your child's health. Insist on Worcester Iodized Salt—and only Worcester—for Worcester Iodized Salt tastes the same as Worcester Iodized Salt.

P. S. Be sure to ask for the Worcester Iodized 2 pound (32 ounce) round package. Worcester Salt Co., America's oldest refiners of pure salt, New York, U. S. A.

## DELIVERED ROSS RANSOM PAYMENT

George Kukovae, (above) motorcycle rider, said he was employed by the family of Charles S. Ross to ride from Chicago toward Rockford, Ill., and leave \$50,000 ransom at a designated spot along the highway last October 8. Peter Anders, confessed kidnaper seized on the west coast, said Ross was slain two days later.

## Police Probe Death Of Sales Executive

New York, Jan. 20 (AP)—Authorities investigating the mysterious death of Ruland Thompson, 41, wealthy sales executive, expressed belief today he had been beaten and thrown down the shaft of a five-story apartment dumbwaiter. Thompson's body, the skull crushed, was found late yesterday at the bottom of the dumbwaiter by the superintendent of a West 81st Street apartment building. Theresa D'Arcy, 9, daughter of a tenant, told police she had been awakened at 4 a. m. by screams for help. Assistant District Attorney Alfred J. Scotti said marks on the body indicated that Thompson, a Yale graduate and member of a prominent Manhattan, Long Island, family, had been bludgeoned. Rope burns on the hands, police said, showed also that Thompson had been conscious when he plunged head first down the shaft and attempted vainly to check his fall by clawing at the dumbwaiter ropes. Thompson's coat and hat and a second overcoat were found beside the body. **Transferring Allegiance** With the exception of the United States and Great Britain, says Collier's Weekly, nearly every country in the world refuses to recognize the right of a citizen or subject to transfer his allegiance to another nation. They maintain that every man is subject to recall to his native land for military service, even when he has been a naturalized citizen of another country for years.

## Farouk Marries and All Egypt Goes on Three-Day "Toot"

Cairo, Egypt, Jan. 20 (AP)—Egypt's boy King Farouk took dark-eyed 16-year old Farida as his wife and queen today in an orthodox Moslem ceremony which the bride did not attend. But Farida, daughter of an Egyptian high court judge, excluded from the ceremony by Moslem custom, watched it through a lattice-work partition from an adjoining room of the ancient Koubbeh palace. The marriage contract was signed at 11 a. m. (4 a. m. E. S. T.) and guns of the ancient Citadel and others throughout the country crashed in royal salute to toll joyous Egyptians their king was wed. Farida's father and the bridegroom signed the Moslem contract which made her the wife of the 17-year old ruler of Egypt's 19,000,000 people. The crashing guns unleashed three days of celebrations throughout the land of the Sphinx. Shaggy Bedouin horsemen, who slept all night in the streets after converging on the city from the desert, plunged madly about, firing their rifles into the skies. Drums thrashed, dancers wriggled, and Egypt's wine bowls overflowed. **Didn't Wear Gown** Farida didn't even get to wear her silver lace wedding gown, with its 20-foot train and veil of equal length, until the afternoon, when she was to drive in closed sedan through the crowds to the palace for a reception. No women witnessed the Moslem ceremony, on the ground floor of the palace. It was conducted by Sheikh Moustapha El Maraghy, rector of Azhar University and supreme religious authority in Egypt. He was assisted by the grand mufti of Egypt, the president of the supreme religious court and the President of the Cairo religious court. The purple robes and spotless white turbans of these four sheikhs contrasted with formal morning attire of the guests. Farouk himself wore the black and gold uniform of a field marshal. The ceremony lasted but 10 minutes. After a week-end of wedding receptions and teas, the bride will retire from the public eye—her

\$25,000 trousseau, 45 dresses of tulle and lace, shimmering sash and glittering jewels, for Farouk alone to see. They will go on Sunday to the king's country estate, Ibachass, 40 miles north-east of Cairo, for their honeymoon.

Floodlights were to light the city tonight for continuation of the festivities. The king will review his troops on Friday and hold the first of three state banquets at Abdin Palace, to which have been invited 1,500 guests. Model railroad hobbyists and railroad men generally will be interested in the announcement that a complete operating railroad system in miniature will be a feature of an international exhibit depicting the progress of rail transport to be presented by the American railroads at the New York World's Fair, 1939.

## Music Committee Of Apple Festival Met Here Tuesday

On the evening of January 18 the first full meeting of the music committee for the Apple Blossom Festival was held at the home of the chairman, Mrs. Antonio Knauth. There was a large attendance, making possible a most fruitful discussion of musical possibilities for the festival.

A suggestion that band concerts be held during the days of the festival in a prominent location outdoors met with enthusiasm and further investigation of the plan was undertaken by Mr. Scudder.

Many people have expressed the wish to see all the musical talent in Ulster county employed in a great festival performance using mixed chorus as well as an orchestra to be formed for the occasion from the ranks of Ulster county instrumentalists. There was much discussion of this idea, greatly aided by the valuable and experienced opinions of Pierre Henrotte, conductor of the Williams Hand School production, and the retired concert-master of the Melodion Opera, who has most generously consented to join the committee and direct such a performance. Ways and means of financing such a great venture were considered at length and the hope expressed that the performance would be underwritten by the backers of the festival, though gate receipts would probably fully cover expenses. It is to be hoped that the plan meets with hearty support from musicians and public alike.

The meeting closed after consideration of several other plans and possibilities and with a working basis for further efforts.

Robert R. Rodie,  
Alva S. Staples.

The staff of the association has remained the same, Miss Jean Eistoy being general secretary, Miss Lillian Hordman, girl reserve secretary, and Miss Matilda Marlin, office secretary.

**National Affiliation**  
As a member of the national Y. W. C. A. we have received valuable program material and have been visited by two national representatives. Eleven board and finance committee members attended a most interesting regional meeting at Claverack and the general and girl reserve secretaries also took advantage of the secretaries' conference at the headquarters in New York.

**Increased Facilities**  
For a long time it has been felt that the first floor of the Mechanics' building, which the Y. W. C. A. has occupied since it was organized, was inadequate to accommodate the present association program. The possibility of securing space in the Y. M. C. A. building was brought up early in the year and a joint committee from the two organizations was formed to work out a possible plan. For several months they worked on details but the cost of necessary alterations to make the building suitable for the work of the two organizations was much higher than had originally been estimated, resulting in a greatly increased yearly overhead for the Y. W. C. A. The board of directors therefore were unanimous in their decision that the Y. W. C. A. was not in a position to assume such a large financial obligation, and the plan was abandoned. However, still being determined to provide proper facilities, arrangement was made to take over the basement floor of the Mechanics' building and to make certain changes in the first floor, these alterations being made in November. Now each member of the staff has her own office, extra club rooms and a game room have been provided, the kitchen has been enlarged and some new furnishings and equipment have been purchased. It is also possible to use club rooms on the second floor on certain afternoons. With the additional space the program of the association can be carried on with greater smoothness and all groups are enthusiastic over the new attractiveness. Mrs. Frederick W. Holcomb served as chairman of the committee which worked on the details of securing enlarged quarters and Mrs. Leonard Flicker was chairman of the house furnishings committee.

**Finance**  
The work of organizing the annual campaign and of administering the yearly budget is the responsibility of the Finance Committee of which Mrs. Frederick W. Holcomb is the chairman. The campaign was held in May and though the goal was \$7,000, which is the minimum amount required to adequately finance the program, only \$5,228 was secured from 1,326 subscriptions. This failure to secure the full amount means that we had to use both the current interest on our permanent and building fund, and also withdraw the budget deficit from the savings account. However, this withdrawal does not encroach on other agencies or money pledged for building, since during the days before depression, when drives went over the top, the Y. W. C. A. accumulated a surplus from which fund the deficit is now being drawn. The trust funds are vested in our Board of Trustees and this board from time to time is re-investing these funds to increase our income. During the year the association has been notified that they will receive two bequests, one of \$5,000 from the estate of

Mrs. Anna Clearwater, and another from the estate of Mrs. Mary Gordon Florio, who made the Y. W. C. A. one of three organizations to be residuary legatees.

**Membership**  
There are two types of membership in the association—membership in the Y. W. C. A. itself, and membership in one of the clubs of the association. General membership in the association constitutes an endorsement of the Christian purpose of the organization, with the assuming of certain responsibility, and is desired but not required for attendance at activities. During 1937 there were 483 who paid general membership dues, while 1,096 were members of the 17 clubs of the association, each of which has its own treasury and nominal monthly or yearly dues. There were several affairs for the general membership during 1937, the first being the annual meeting in January at the Clinton Avenue Methodist Church when the year's reports were given, necessary business transacted, and a program presented by Dr. John E. Kulsenga as the speaker. The fall rally was a most important affair with a program presented by the different clubs and groups which portrayed the various activities at the "Y". A delightful tea was given by the membership committee in honor of newcomers to the city, which resulted in bringing new members into the association, and two friendship luncheons were held during the year. The success of these affairs for our association has inspired the committee with plan for an enlarged program during the coming year. Mrs. Howard A. Lewis has acted as membership chairman and the cooperating hospitality committee was headed by Mrs. Myron Teller.

Because of the diversity of ages and interests of those who come to the "Y", we operate largely on the club plan, most groups having their own officers and the older members planning their programs.

**Married Women's Club**  
This club which celebrated its tenth birthday this fall, has long been a strong service group of the Y. W. C. A. They meet two Thursdays each month from October to May and their programs have many interesting social and educational features. They cooperated with the Christmas Cheer Committee as usual, making 110 attractive dresses for needy children. During the holiday season the club contributed generously, and a large proportion of their members worked actively as members of the club team. They also assisted in the membership roll call and have stood ready to render service in connection with association activities. Mrs. Clyde Hutton has been president of the club during the year, and their membership has been 112 with a total club attendance for the year of 1,484.

## Business and Professional Girls' Club

This club meets each Wednesday from October to June for supper and a program, and also has frequent out-of-door activities during the summer months. In addition to the varied social meetings and educational and religious talks, they have chosen as their special program interest an emphasis on world peace and understanding. During the year they have had three meetings with the Newburgh girls and 16 members attended the regional business girls' conference in Schenectady, so that more than any other association group, they perhaps experience the inspiration of being a part of a national movement. As has been their custom, they took part in the membership roll call, made their usual fine record in the annual budget solicitation, giving a generous club subscription and having a campaign team. As a special service project, they gave a card party for the Christmas Cheer fund which netted approximately \$140 and they also packed all of the 1,500 boxes of candy that went into the cheer bags. They have also continued to remember each patient of the Tuberculosis Hospital on their birthdays. During the spring term, Miss Edna Skinner was club president and during the fall term Miss Ruth Vandenberg, 57 different girls have been enrolled during the year and the club has been particularly active with a total attendance of 2,757.

**Kingston Choralists**  
This choral group has been sponsored by the Y. W. C. A. and was very active during the early part of the year. In January, they sang at the Y. W. C. A. annual meeting, after which time they devoted all efforts to the oratorio, Mendelssohn's "St. Paul," which they presented at the municipal auditorium in May during music week. There were 44 singers in the production and the audience numbered approximately 600, and the affair was made possible financially through the cooperation of 65 associate members. The individual members of the club have also been most cooperative in assisting the Y. W. C. A. in both musical and general projects. Harry P. Dodge was conductor of the club and his untimely death which occurred so shortly after their successful concert was a great blow to the club. In the fall they worked on plans for the future and have now arranged to continue with George Fowler of Poughkeepsie as conductor, the rehearsals on Haydn's "Seasons" to start with the new year. Mrs. Josephine Mortell Dederick of

Saugerties has been president of the club throughout the year.

## Industrial Group

The Y. G. B. I. (Young girls in business and industry) were much occupied during the early part of the year with rehearsing for their "variety" entertainment which was held in the Y.W.C.A. auditorium in March and despite a blizzard was a real success. In this group of the association are included some of the girls of the N. Y. A. project who were placed here by the government and who in addition to doing service for the Y.W.C.A. and other civic organizations, took part in the activities, forming their own little club. As they later secured regular positions in local industries, those nearby had occasional luncheon parties here in their noon hour. As usual, several of the older industrial girls were active on the budget campaign, and the annual summer camping party was held at the Y. M. C. A. camp. Basketball was an attraction for some of these girls who played on the various teams in the senior league. The enrollment in this young group was 87, and Miss Katherine Millard, industrial chairman, and Miss Lillian Herdman acted as advisers.

## Girl Reserves

The junior clubs of the Y. W. C. A. are called the Girl Reserves and this group of the association takes all our facilities on many occasions, as they turn out in great numbers and are bubbling over with enthusiastic interest. We have the Blue Bird program for the younger girls (minimum age 8 years) and for the 6th, 7th, and 8th grade girls there are nine Girl Reserve clubs, the personnel of these groups representing every public school of the city as well as the parochial schools. One club, the Cherokees, is for colored girls. There are three high school clubs, one for the freshmen, one for sophomores, and another for the upper classes. Each club has its own officers and committee and decides the amount of the club dues, these fees always being very nominal, and no child is ever debarred from attending because she cannot afford to pay. Their slogan is "to find and give the best" and they have a well-balanced program which includes health study, dramatics, recreation and outings, social affairs, basketball, home making and handicraft projects, club ceremonies, and service work; and with the high school girls are added boy and girl parties and a special emphasis on vocational opportunities. The older girls not only bear much responsibility for their own programs but act as program assistants in the activities for the younger girls.

The most spectacular project for the year is always the annual spring festival which was held this year at the Municipal Auditorium and was an "Around the Year" festival. More than 350 children were in the cast, all in colorful costumes, and the dances and drills which were coached by Miss Ottilia Ricebano were an inspiring sight. Approximately 1,500 were in the audience. No one has appreciated the improvements at the "Y" more than our junior members and the club rooms became a veritable Santa Claus workshop prior to Christmas when many of the children busily hammered brass, painted and sewed, making gifts for their loved families.

This most active department is under the direction of Mrs. Harry B. Walker and Mrs. Raymond Rignall, Girl Reserve co-chairmen, and Miss Lillian Herdman, Girl Reserve secretary, and they are assisted by a loyal group of young women volunteers who act as club advisers. During the past year there were 686 children enrolled in the various groups and the total attendance at the club activities was 14,117.

## Stay At Home Camp

The Y. W. C. A. has no camp of its own, but during the summer the business girls always have week-end outings at a private camp and the industrial girls go to the Y. M. C. A. camp at Glenside. One of our most interesting yearly activities is the Stay-at-Home Camp for grade school children which is held for three weeks in July, with part of the program scheduled at the "Y" building and two days spent each week at Spring Lake. There were 36 campers this year and their program included swimming, tennis, handicraft, dramatics, rhythm band, interpretative dancing, and general recreation. Their theme

was based on Indian folklore and all the activities and their final campfire carried out this idea. The staff was assisted by Miss Ricebano, dancing instructor, and Mrs. Anne O'Brien who was in charge of dramatics, and volunteer junior councilors.

## Education Department

Although we have no regular physical director in the Y. W. C. A., we do have considerable activity in this department, most of which is linked with the programs of our clubs. Through the continued cooperation of the Y. M. C. A. the swimming pool is open to our members on Wednesdays with children's classes under the direction of Miss Helen Bradburn and women's classes taught by Mr. Hencke of the Y. M. C. A. staff. During 1937 there were 1,255 swims taken, and many of those who were beginners learned to swim. One of the girls have also used the bowling alleys, and it is to be hoped that during the coming year, more of our members may avail themselves of these privileges.

Much enthusiasm has been shown in basketball during the year, with three leagues, one for grade school girls reserves, one for high school club girls, and one for the young employed group. Among the Girl Reserves the attendance was 1,148 in this activity and 452 in the senior division. Tap dancing is always popular with girls and there has been a class in social dancing, these classes being taught by Miss Ottilia Ricebano with an attendance of 822. Tennis instruction, a business girls' limbering class, and badminton have also been included in our schedule.

For the more strenuous activities, swimming and juniors basketball, the local Y. M. C. A. has been required for participants as a safeguard. Mrs. Cornelius Treadwell is chairman of the education committee which is also responsible for securing speakers for the general membership activities and assisting in the promotion of educational features.

## General Service

Occasional calls for transient or permanent rooms are received at the office, which maintains a list of approved accommodations to which strangers are referred. The association also has permitted the National Youth Administration to use our building in connection with their project for the girls of Ulster county and has been glad to cooperate with other youth and civic organizations, allowing them the use of our building or equipment whenever possible. Not infrequently the girls of the association and also strangers turn to the Y. W. C. A. for advice and encouragement in connection with their personal problems, a type of service that cannot be recorded in terms of statistics.

It always rather awes us when we realize that so many attend the association's activities each year, during 1937 the total being 28,362, which is greater than that of any year in our history. These figures are perhaps a gauge of the wholesome and appealing interests that have been made available to these girls and young women, but the degree which the Y. W. C. A. has been able to make life more meaningful and to develop true Christian character and leadership is not in our power to measure. Whatever success has been achieved during the year has been made possible through the cooperation and untiring efforts of the many volunteer workers of the association, and also because of the generous support of the people of Kingston, so many of whom have faith in the value of such a character-building institution for the youth of our city.

Respectfully submitted,  
M. JEAN ESTEY,  
General Secretary.

## ST. REMY

St. Remy, Jan. 19—Sunday services will be: Sunday School at 1:30 p. m.; preaching by the pastor, the Rev. C. P. Mayskens, at 2:30 o'clock.

Every one is invited to attend the supper in Thursday evening at the church. A cake sale after the supper which will be served at 6 p. m.

Mrs. Elta Thompson was the guest of Mrs. Ada Kuhout and the Hoffman family over Sunday.

The Rev. Mr. Payne occupied the pulpit of the Reformed Church on Sunday.

No problem was ever solved by yelling "You're wrong."

## HOME BUREAU

**Lake Katrine**  
The Lake Katrine unit has enjoyed two very fine meetings during the early part of January.

The first was held at the home of Mrs. George Adams in Mount Marion, and consisted of the last lesson on pneumonia control by Mrs. Hubert Brink and the second lesson was on care of the feet by Mrs. James Forman. The pneumonia lesson was short bringing to the unit how beneficial a community closet would be in times of sickness. The lesson on care of the feet was thoroughly enjoyed as this was on proper stocking and shoe fitting, the reading of material on proper care of the feet and then every one joined in doing exercises under Mrs. Forman's instructions.

Present at the meeting were: Mrs. George Adams, Edward Sagendorf, Mr. Graham Parish, Mrs. Carl Wille, Mrs. William Powers, Mrs. James Forman, Mrs. Earl Sagendorf, Mrs. Daniel Morehouse, Mrs. Hubert Brink, Mrs. Kenneth Parish and three visitors, Mrs. M. Lewis, Mrs. J. Young, and Mrs. J. Dedrick.

The second meeting of the month was at the home of Mrs. Pratt Boice, Miss Everette Parsons the county agent had agreed to give the buffet luncheon, which the unit had missed and Mrs. Auley Roosa led the discussion in the understanding each other project.

This was a day completely enjoyed by all. The luncheon menu: ham loaf, fruit salad, buttered whole wheat rolls, olives, vanilla ice cream with chocolate sauce, nuts or coconut, coffee, was prepared by the ladies and delightfully served by hostesses: Mrs. Connie Adams having charge, assisted by Mrs. Donald Parish, Mrs. Tracy Munson and Mrs. James Forman with Miss Parsons supervising the entire work.

Mrs. Auley Roosa very ably led the discussion in the understanding each other project the topics of which were need of solitude, spontaneity, constant self-improvement, world vision and idealism and the victorious attitude. There were present, Mrs. Pratt Boice, Miss Norma Boice, Mrs. Graham Parish, Mrs. Tracy Munson, Mrs. Edward Sagendorf, Mrs. Earl Sagendorf, Mrs. Harry Van Aken, Mrs. Frank Enlist, Mrs. Hubert Brink, Mrs. William Powers, Mrs. Kenneth Parish, Mrs. William Hokey, Mrs. Rupert Everett, Mrs. Daniel Morehouse, Mrs. George Adams, Mrs. Stanley Shaw, Miss Everette Parsons, Mrs. James Forman, Mrs. Donald Parish, Mrs. Auley Roosa and just for luncheon, Daniel Morehouse and Master Richard Boice.

The unit is planning a social evening at the home of Mr. and Mrs. William Hooker, Saturday, February 14. The committee will be: Mrs. Harry Van Aken, Mrs. Pratt Boice, Mrs. Graham Parish, Mrs. Golden Roosa, and Mrs. Daniel Morehouse.

## NEW HURLEY

New Hurley, Jan. 19.—Several from here attended the Youth Conference held at the New Paltz Reformed Church on Sunday afternoon and evening.

Mr. and Mrs. Harrison Aten and family of Sussex were supper guests on Sunday of Mr. and Mrs. George Eckert and family.

Mrs. Myron Anderson is spending a week at the home of Dr. and Mrs. Harry Voss at Scarsdale.

Mr. and Mrs. McDewitt of Washington, D. C., announce the birth of a daughter, Ann, on January 9. Mrs. McDewitt was formerly Miss Eleanor Brown, daughter of Mr. and Mrs. Jesse Brown, of this place.

Mrs. William DePew entertained 16 children at her home on Saturday afternoon in honor of her daughter, Wilma's 10th birthday. The afternoon was very pleasantly spent in playing games, and delicious refreshments were served by Mrs. DePew. Those attending were: Donald and Helen Rugar, Norman and Jane Eckert, John and Frances Countryman, LeRoy Birch, Richard Schoonmaker, Elva Ruth Christiansa, Lois and Virginia Averill, Mary, Estella, Shirley and William DePew, Jr., also Mrs. William Everetts, Jr., Mrs. Felix Averill and Mr. and Mrs. William DePew and Wilma DePew.

There was \$10.50 collected by the Sunday School class of Mrs. Nelson Redges, who sponsored the Fund Basket for the Church Organ Motor Fund. The class wishes to thank all who helped with this fund.

## PHOENICIA

Mrs. Stella O'Keefe spent Friday in Schenectady.

Miss Mary Gormley spent a recent week-end with friends in New York.

Mrs. Wallace Effers spent Saturday in Kingston.

Frank Neice of New Jersey visited relatives in town over the week-end.

Miss Ruth Woolheater of New Jersey spent Sunday with her parents, Mr. and Mrs. P. Woolheater.

## State Council of Churches Meeting

An unusual opportunity is offered to leaders of children's and adult work in the churches of this vicinity in a conference for such leaders to be held Thursday in the First Reformed Church of this city. The conference, held under the direction of the N. Y. State Council of Churches and Christian Education, with the support of the Protestant forces of this area, will bring delegates from Delaware, Greene and Ulster counties.

Mrs. Eva W. Frye, children's specialist in rural, village and city church work; and Mrs. Beatrice L. Townsend, chairman of the capitol area children's committee of the State Council, will be the leaders in the children's section. Dr. J. R. Throckmorton, director of adult work of the Methodist Board of Education; and Dr. T. B. Young, director of program of the N. Y. State Council, will lead the adult section of the conference.

The principles and methods of teaching children are to be considered in an interesting worship period and in conferences centering around the most pertinent subject in the world today—peace. Methods by which adults are led into effective and creative Christian living; the United Adult Christian movement, and the like will be the subjects of discussion in the adult conference.

All who are interested in church children are cordially invited. The Rev. Russell S. Gaenzle, pastor of the Lutheran Church of the Redeemer, will preside. The morning session will run from 10 to 12:15 and the afternoon session from 2:30 to 4:30.

## What Is Your News I. Q.?

Each question counts 20; each part of a two-part question, 10. A score of 60 is fair; 80 good. 1. Who is this man and what big job did the President give him in London? 2. Does TVA hope to finish its construction program (a) by 1945 or '46, (b) next year, or (c) perhaps by 1950? 3. In winning the Democratic nomination for U. S. senator from Alabama, Lister Hill defeated what prominent ex-senator? 4. A number of Austrians would be glad to see Otto called to the throne. True or false? 5. Where is the "scorched earth" policy being applied? What is it?

1. Joseph P. Kennedy. The ambassadorship of Great Britain. 2. By 1945 or '46. 3. J. Thomas Heflin. 4. True. 5. China. Burning of buildings and materials so conquerors cannot benefit from them.

## Saved Their Sons

Waterford, N. Y., Jan. 20 (AP)—A young woman telephone operator recovered today from a wild ride on a fire truck in sub-zero weather to her burning home. The operator, Mrs. Donald Dwyer, received the call when her husband phoned for the fire department to extinguish the blaze. She put in the alarm, rode home on one of the fire trucks in time to see her husband rescue their two small sons from the building.

one of the speakers being received with applause.

## Scouts Present

A list of the boys and the troops they represented was given in The Freeman Tuesday evening. All listed were present except Ludwig Baumgarten of Troop 34, Woodstock. The speakers were presented by their district chairman—Thomas P. Waye, Saugerties District; Mr. Cruikshank, who acted in place of S. B. Schwarzdaelder for the Western District; George W. Osborn, Mountain District; Dr. J. F. Redmond, Northern District; Eugene A. Fier, Kingston District; Dr. Roland Will, Southern District; Supl. W. H. Strevel, Rondout Valley District.

The chairman told of the troops in their district and presented scouts who were to speak. Mr. Freer, in listing the places represented in his district, got a laugh when he added—"and Maine and Vermont."

The singing during the evening, led by Paul Zucca, with Dan Bittner at the piano, was heartily participated in by all and the guests greatly enjoyed the number given by the scouts, who sang, to the tune of "Narcissa," the prayer song that has been heard so often at scout camp gatherings.

Are Former Scouts President Overhag in his remarks of welcome said that were he not a scout he would take as his motto, "Scouting as it ranks in the world today, compared with other movements." He spoke of its remarkable growth in this country, with some 2,000,000 interested today and an "alumni" that numbered around 6,000,000; called attention to the fact that some 50 per cent of high school graduates are former scouts and that a high per cent of American Rhodes scholars, West Point and Annapolis men, are former scouts.

"In scouting," he said, the boys "live a life, not to die, but to live, for their country."

Clarence L. Dumm, president of the Y. M. C. A., brought greetings on behalf of the "Y," which, he said, "joined in expressing pride in this brilliant organization and its objectives."

C. C. Dumond, president of the Ulster Co. Farm Bureau, spoke for Pratt Boice, 4-H chairman. Mr. Dumond said that he found both organizations aiming to develop character and prepare for life work.

Lawrence Cahill, director at Camp Half Moon, spoke very highly of the conduct of Ulster-Greene scouts at the National Jamboree.

He said that he had while there taken notice of scouts from all over the world and from all states in the Union and added "I can say, sincerely, that you had the best group of boys representing your Council of any Council in the country. Not once did we have to discipline or punish anyone, not even for being late."

Dr. L. H. Van denBerg, former Council president, presented to Mr. Overhag, on behalf of the National Council, and by unanimous vote of the local council, the Silver Beaver. He referred to Mr. Overhag's work in scouting as a scoutmaster for seven or eight years, then a commissioner and for three years as president.

The award was a complete surprise to Mr. Overhag, but he succeeded in fittingly expressing his appreciation of the great honor bestowed on him.

In bringing the program to a close Scout Executive Wright spoke briefly. He referred to the line growth of the Council since 29 men met eight years ago and organized it. He told of some of the good work that had been done and asked, "How much more could be done?" Mr. Wright called attention to the annual reports of officers and committee chairmen, which had been bound in a pamphlet of over 30 pages and distributed to all members. He said that in these reports would be found references to certain weaknesses in the work of the Council. Particularly, said he, the scout program needs the help of men. Portions of these reports will be found in today's Freeman.

In announcing the gift of \$5,327 toward an endowment fund for the Council, Mr. Wright observed that some Councils have endowments totaling as much as \$300,000.

## U. P. A. Declares Big Dividend

At the annual meeting of the Ulster Provisioners Co-Operative Association, sponsors of the local chain of individual grocers operating under the U. P. A. emblem, there was declared one of the juiciest dividend melons of the cooperatives for 1937.

During the past year the local organization, under the management of Frank Spodick, supported by a hard working board of directors, and a loyal membership, made an enviable record, and is the talk of the associations throughout the state.

Following the staging of its third successful food show in April, the organization moved into its own warehouse, now known as the U. P. A. building on the Strand. This move brought a tremendous increase in activity to the downtown business district, to the delight of the downtown business men. In August the local organization entertained the State Retail Grocers and Marketmen's Association convention in Kingston and was praised by the state officers for having accomplished more at this convention than at any other in its 36 year history. Through this convention, the state organization increased its membership by more than 50 per cent.

The dividend declared last night amounted to 4 per cent of sales to members and averaged \$1 1/2 per cent return on a member's investment in the warehouse.

Mr. Spodick declared, "During my ten years of active participation in the cooperative movement, I have become quite familiar with the detail operations of most of the cooperative warehouses throughout New England, and I know of no one of them whose progress in its first year of operation approaches that of the U. P. A. organization. It is a truly remarkable example of what a group pulling together can accomplish. Our plans for the coming year, set a very high goal double for our sales volume, but we will reach it. Watch us grow."

## Only About One-Fifth New License Plates Issued So Far

H. C. Finger, in charge of the Kingston Motor Vehicle Bureau, announces that as compared with last year only about one-fifth of the owners of motor vehicles have obtained their 1938 license plates up to date.

With but a little over a week remaining it will be necessary to issue about 3,500 plates to equal the number issued up to February 1, last year.

Mr. Finger urges the public to secure their new plates as soon as possible in order to avoid the delay and inconvenience that will accompany the last-minute rush.

Refreshments will be served.

## Movie at Legion Meeting on Friday

The regular meeting of Kingston Post, American Legion, will be held Friday night at the Memorial Building, starting at 8 o'clock, and will be featured by a cinema, "Hudson River Vacation Land" shown by the Central Hudson for the first time in Kingston.

Commander Harry Kirehner is desirous of seeing a large attendance for the business meeting and the social part of the program, including the movies and a dance. Refreshments will be served.

## Reports Submitted at Boy Scout Meeting

Scouting in the Ulster-Greene Council in 1937

Following are extracts and condensations from reports submitted at the annual meeting of the Ulster-Greene Council, Boy Scouts of America, held at the Governor Clinton Hotel Wednesday evening, January 19.

The reports, including comments by Council President Overbaugh, Scout Executive Wright and the other officers and chairmen of the various departments of work, cover over 50 pages of close-spaced typewriting. There are many pages of tables, etc., showing comparisons of the work for a number of years, mostly of interest to individual troops or districts, which are too comprehensive to reproduce.

The extracts given below are selected as of more general interest and giving a fair idea of the year's work.

Comments by President Richard F. Overbaugh

The year of 1937 was one of the most important, if not the most important, year that Scouting has ever enjoyed in America. With the National Jamboree in Washington, this movement came to the attention of the public in a much larger way than it ever has before, and with the fine records made by those who represented the Scout Movement at this Jamboree, Scouting now has the best good-will that it has ever enjoyed.

Those of us who have been connected with the Ulster-Greene Council have every reason to be proud of the record made by the boys who they represent at this Jamboree, and we should be inspired to greater efforts in behalf of this most important and worthwhile work for our boys.

The reports of the various committees which are included in this summary of our work for 1937 show gains in a great many ways and as a whole indicate a better condition than was shown a year ago. We have four more units and 103 more scouts than we had a year ago. The result is so far, I wish to thank every member of our Council for the support and cooperation they have given me, and to thank Bill Wright for continuing to do such a fine work for the boys of our two counties.

Report of Scout Executive William A. Wright

The various reports of our Council Committees and the comments of our President cover fairly well the activities of our Council during the year of 1937. I sincerely hope that every Scout will take time to study these facts as presented.

This past year has been one of real progress. We show a new high in membership and number of units. We had an unusual series of events including our Camporee and National Jamboree. Under the following headings I would like to make some brief comments.

Advancement—You will note that we have in the main made progress. There is however this fact to be seen. A few of our troops advanced very few boys beyond the rank of tenderfoot. Yet we know that one of the major interests of the boy is to advance in rank. I would urge all those connected with our units to give this part of our activity more thought and to make more adequate plans to meet this need.

Organization—To select any one need in this report over the rest would be difficult. There are however a few items I would call to your attention.

Note that we show less dropped Scouts in 1937 than we did in

1936 or 1935. This would indicate that we are improving in keeping boys interested over a longer period. Of the 223 Scouts dropped during the year 58 were only of tenderfoot rank.

In the number of 12 year olds we show a slight increase in their enrollment. But there is still too much difference between the number we actually enroll. The Western District leads all others having reached 44 per cent of their boys. Other districts are as follows: Northern District 16 per cent, Mountain District 16 per cent, Kingston District 22 per cent, Southern District 14 per cent, Rondout Valley District 11 per cent. There is available for any community or organization the facts which show the number of boys in all sections who reached 12 each year. It is only by enrolling boys at 12 that we can expect to give them the best years of scout experience in our present organization.

Training—Our Training Committee reports that we did in 1937, but it does not show the need for better trained men to serve the boys of this area. Our Training Committee is ready at all times to develop training centers and methods for all men connected with Scouting. It is only by better training and a thorough understanding of all that is involved in the leadership of boys that we can expect to be effective in the development of character and train for citizenship.

Finance—In our Finance Campaign we show a slight increase over the past two years. In some cases there is too much difference between the goal which some communities accepted and the amount of money they actually produced. It is only when all communities meet their accepted goal that we can expect to adequately finance our operating budget.

It might be well here to add, that we have kept within the adopted budget for many years, but we have not raised enough additional funds to reduce or remove our indebtedness which has been carried for several years.

Camping—The 1937 camping program shows an excellent increase in out of door activity, although our summer camp did show a decrease due to the fact that many boys attended the National Jamboree.

I would urge all scoutmasters and committee men to discuss with their sponsors the many possibilities of helping boys to enjoy this experience of living with others in the out of doors.

We have within the borders of our two counties some of the finest camping country to be found anywhere, yet at this time we do not own our own site. I sincerely hope that all men within our Scout family will lend their aid to the end that before another year passes, we may possess our own site where things worth while and permanent may be erected and developed.

Good Turn Service—Our committee on this activity shows that a few of our units have done this past year. I am sure that most of our units have given service and many of them have

Administration—During the past year our District Committee have shown some improvement and each of the seven have had their quarterly meeting with good attendance.

Our Executive Board has had five meetings with excellent attendance and participation. To this group of men the entire council should give thanks for the time and ability spent in the development of our activities.

Our Council office continues to be our "Service Station" and to meet the many calls on its limited staff. During the year we have handled some 4,110 pieces of incoming mail and some 10,810 pieces of outgoing mail.

Last February, through cooperation with the 4-H Club, agents of both our counties were able to bring together many of our rural friends to discuss what might be done to reach a larger number of boys in the rural and open sections of our area.

Looking Ahead—As we open 1938 and prepare our plans for further extension and development we find many opportunities to serve boys. There are signs of greater interest in the development of youth activities. In Scouting we now have available programs for boys 9, 10, 11 years of age known as Cub Scouts. We have a program for boys from 12 up to 17 years of age known as Boy Scouts and over these 16 years of age plans of the Senior Program.

Scouting has a program for all boys, city or rural, village or open country, etc. It is endorsed

by nearly all church bodies and all creeds. Its rural program is meeting the needs of rural boys and is cooperating with the other rural programs such as 4-H and Future Farmers, etc.

In February we again celebrate our national anniversary and already plans have been completed for church services, anniversary parties, courts of honor, civic and rural, etc., to assist in the observance of our 25th anniversary.

Our second annual Camporee will take place in Kingston on June 3, 4, 5, 1938. Our Camp Committee has announced their tentative plans for the coming summer. Camp Half Moon will open on July 10th and close on August 6th. The proposed rates are, for troops who attend without leadership, \$7.50 per week, and for troops who attend with their own leadership, \$5.50 per week.

In closing this report I would like to express my appreciation for the splendid cooperation we have had from our unit leaders and all others connected with our council. I feel sure that 1938 will see greater accomplishments and more effective plans developed to serve more boys better. Such is my New Year's wish.

Committee on Organization

S. K. Clapp, Commissioner

In 1937 we find that four of our districts made a net gain, while two show a net loss and one remains the same. I do believe that those districts which could be added to the gain group if they had taken their responsibilities seriously enough.

We do however show a fine gain in units and total scouts, in fact our total in each is the highest we have ever had in this council's history.

In dropped scouts, we show less in 1937 than we had in 1936 or 1935. I would recommend to all leaders and troop committee men that they study "Why" boys "lost interest". This number can still be reduced.

This past year we made our Boy Life Surveys in two more of our communities and the results show again that "Boys do want to be Scouts". They need help over to have men who can and who will give time and leadership.

I would again urge all Scouters, especially those responsible for unit operation to make a more careful study of their needs, their opportunities and then develop plans to meet the same. Our office maintains information and help for your use and I hope you will all make the best use of these aids.

We show units in 28 communities, while 32 communities do not have units. Further in several of these 28 places we did increase our number of units as many as 10 in some cases.

On December 31, 1936, we had 38 Troops and 683 Scouts, on December 31, 1937, we had 42 Troops and 773 Scouts. This gives a net gain for the year of 4 Troops and 103 Scouts.

New Troops added this year are: No. 11 of Kingston, sponsored by St. James M. E. Church; No. 12 Sea Scout Ship of Kingston, sponsored by Men's Club of Dutch Reformed Church; No. 17 Neighborhood Patrol at Plattekill; No. 20 of Hurley, sponsored by Reformed Church; No. 32 of Marlborough, sponsored by Men's Club of Marlborough; No. 37 Neighborhood Patrol at West Saugerties; No. 64 Neighborhood Patrol at Laneville; No. 65 of Mt. Tremper, sponsored by Mt. Tremper Grange.

Troops dropped during the year and reasons given for such action: No. 18 of Roseville, sponsored by Mothers Club—lack of leadership; No. 36 of Saugerties, sponsored by Reformed Church—lack of leadership; No. 7 of Kingston, sponsored by St. John's Episcopal Church—lack of leadership; No. 9 of Kingston, sponsored by Trinity M. E. Church—lack of leadership.

The following is the rank of those who have dropped during 1937: Tenderfoot, 88; Second Class, 79; First Class, 26; Star, 17; Life, 9; Eagle, 3.

Of the 223 dropped Scouts 39 per cent were of tenderfoot rank. In two years we have dropped a total of 200 of this rank. Boys come into Scouting because they want to. No one can make them enter. They want something there and we wonder if as leaders and committee men we are getting not only our opportunity but certainly our responsibility with these new comers. Experience has shown very clearly that boys want to advance in rank. Our responsibility is to make this possible. This lack is very largely due to the fact that our troop programs have not been well planned and carried through.

Report of the Camp Committee, Fred S. Van Voorhis, chairman

I am sure that the year 1937 set a new high in camping, etc., on that will be difficult to exceed, but one that we will constantly endeavor to improve upon. Our total camp weeks for 1937 show as follows: Camporee, 200 weeks; Jamboree, 111 weeks; Summer Camp, 165 weeks. Total weeks, 476. To this we should add the overnight and other camp activities during the year.

Our summer camp, Camp Half Moon, showed a decline in the number of Scouts and also in the total of camp weeks. Many reasons for this have been given and possibly the Jamboree and Camporee did affect it some. There is however this to be said—we still have some troops who make very little effort, if any, regarding camping and out door activity. A study of the camp attendance for the past five years will show that some troops did not send boys to

the Jamboree nor to the Camporee nor to Camp.

We have some over 300 men serving as committee men, leaders, etc. From all we can gather less than 25 per cent of this large number have ever been in or seen our camp in operation. Some have never put foot on the property. With this lack of knowledge of our camp it is very difficult to sell it to others. Our Camp Committee hopes that every scoutmaster will take time this year to visit their own camp, see what we are trying to do, see our equipment and our needs, see our leadership, etc. Then feel free to offer suggestions for improvement.

"600 Boy Scouts Invade City Today. Camporee Begins With Big Camp Fire Tonight."

"Ulster-Greene Scouts Give Armory Plain Appearance of Bustling City."

The above headlines, which appeared in the Kingston Daily Freeman, tell something of our first annual Camporee, held in Kingston June 4, 5 and 6, 1937.

The actual registration of Scouts and leaders was 428 and others attended who were not registered at the headquarters. Our total was over 500.

From Friday noon until Sunday afternoon Scouts and leaders enjoyed camping, eating, living together in the largest gathering of Scouts in the history of our Council. Friday night saw the big camp fire, Saturday morning we had various district and inter-troop contests. Saturday afternoon came the big parade and demonstrations in the arena and Saturday night each district had its own camp fire entertainment. Sunday saw the various groups observe Sunday in true Scout style. Boys of Catholic faith had Mass, while Protestants had Protestant service. Sunday afternoon came the grand review and dismissal.

The National Jamboree

The entire delegation of the Ulster-Greene Council consisted of 40 Scouts and five men. Our group, because of size, had to be divided with one full unit of 30 Scouts and three officers in one troop; seven Scouts were added to another unit made up of groups from two other councils. Lincoln Spencer, A. S. M., of Troop No. 12, served in the Regional Trading Post while Scout Executive Wright served as Quartermaster for Section "B" Camp.

Our entire group entered Camp Half Moon for three days of special training and left for Washington on Saturday, June 26, returning home July 10, thus having two full weeks in Washington and three days at Camp Half Moon.

The splendid group of Scouts and Scouters who represented this Council carried on in true Scout style and were a real credit to the council, communities and troops from which they came.

In connection with the Jamboree our group made some 800 feet of film which is available for troop or other projects. These films show our own group, many of their activities as well as many Jamboree Camp Scenes.

A statement of the receipts and disbursements of jamboree funds is attached.

Committee on Leadership

Chairman, Clarence L. Dunn

During the spring of 1937 training schools were conducted, which were attended by 31 different men. The course of study was "Elements of Scoutmaster-ship".

The men were enrolled from the following places: Old Pine Hill, Woodstock 6, New Paltz 6, West Shokan 2, Kingston 7, Milton 3, Marlborough 1, Saugerties 1.

Our attendance for all seasons was fair, highest being 22 and the lowest 19. Of the 31 men enrolled, 21 of them were new men. The Greene County School did not take place owing to lack of attendance.

For the first part of 1938 we are planning special training conferences for troop committee men. Abundant opportunity will be given at these conferences to discuss and clarify scouting problems as they may be presented by the troop committee men themselves. Experimental conferences along this line have already been planned for Cairo, on Saturday, January 22, and at Kingston, on Saturday, January 29.

Other conferences of this nature will follow if the results of the above seem to justify.

For Scoutmasters, a series of conferences is being planned to start the latter part of February, 1938, and to run through until early May.

Committee on Civic Service,

G. W. Codwise, chairman

During the year 1937 our many units had many opportunities for

varied service and in the main most of them did very well. One of the most outstanding was the aid rendered by the units during the Ohio Flood Relief Work. The Scouts helped in the collection, etc., of food, clothing and many other useful items. They also gave excellent service at Thanksgiving and Christmas time. The hours of service given by the Scouts runs into the many thousands.

Committee on Educational Publicity, Roger H. Loughran, chairman

During the past 12 months the members of our committee have endeavored to meet the many calls to tell "What Scouting is all about". In this endeavor I believe we have done well.

To the press of our two counties we desire to express our deep appreciation and thanks for their continued assistance and cooperation. During the past year our dailies and weeklies have given us without charge over 5,000 inches of space. This has greatly helped to keep everyone informed of our activities.

Making Pomanders  
 Orange skins, whole cloves, ground cinnamon and powderedorris root are used in making pomanders. The whole cloves are inserted in the skin of the orange until it is practically covered. It is then rolled in a mixture of equal parts of cinnamon and orris root, wrapped in tissue paper and put away for a week or ten days. This gives the cinnamon mixture time to coat the orange and add to its fragrance. Finally shake off the loose mixture and the pomander may be used as a sachet or as a moth repellent due to the cloves.

## HOLLYWOOD SIGHTS AND SOUNDS

By ROBBIN COONS

HOLLYWOOD—When they figured which of Hollywood's cowboy stars ranked highest at the box-office this year, you can put it down now that the name will be Gene Autry.

Four years ago this Autry was a Hollywood unknown. Three years ago he appeared in his first picture, in a minor role. In his next picture he was starred. All told, he has made 22 films. Starting for Republic, an independent studio, he has had hits from two majors, 20th Century-Fox and Paramount.

He gets an average of 2,000 fan letters a week. The total jumps whenever he "guests" on the air, which is frequently. After he "guested" for Rudy Vallee 10,000 fans wrote in. He had to employ three extra secretaries to answer them.

New Slant On Old Plot  
 His pictures play on Broadway but not on Hollywood boulevard. His studio has a standing offer of one week's free rental on any Autry picture to any exhibitor anywhere, but Hollywood boulevard theaters so far haven't taken it. About 200 others, over the country, who took the chance have booked the entire run of Autry's. This has jumped the number of theaters who play Autry's to approximately 8,000.

Autry was 30 last Sept. 29. He was born in Toga, Texas, came to Hollywood via Tulsa, Okla., radio and phonograph recordings. He was first to put music in a western—and it was one of Ken Maynard's westerns at that. In "In Old Santa Fe," Gene sang in a musical sequence or two. Maynard, the star, sang but through the courtesy of a voice double. Now virtually all the westerns are "singing" pictures.

His music, plus an attempt to break away from the old "western" formula, gets much of the credit for the popularity of Autry's pictures.

## Gets Many Proposals

Autry is six feet, blue-eyed, quiet-talking, agreeable—and a show man. Dresses in neatly creased, modified "cowboy" business suit, boots, ten-gallon cream-colored hat, handkerchief bowtie. His red ranch truck—his name's on it—makes no point of avoiding public places. On personal appearances he travels in a trailer—with his horse Champion. His fan mail includes the usual number of marriage proposals. He is already married, lives on a ranch in North Hollywood.

He thinks—honestly—that he's one of the luckiest guys in pictures.

## Van Ingen Speaks Before Rotary Club

An insight into little known activities in local schools was brought to the attention of members and guests of Kingston Rotary in the Governor Clinton yesterday noon when Superintendent B. C. Van Ingen discussed these aspects of our modern educational system.

Mr. Van Ingen spoke proudly on one special phase of endeavor in Kingston schools and this had to do with thrift. "Despite the modern tendency to spend rather than to save," said the speaker, "we have a savings system in our schools which has been successful for the past fifteen years. One day each week is banking day and students have the opportunity to learn the value of thrift."

This banking system has had deposits totaling over \$700,000 during its existence and today

there is over \$100,000 on deposit in three of Kingston's savings banks.

Mr. Van Ingen also discussed medical care of the students and said that a staff of doctors and nurses is constantly on the alert checking up on sickness and possible contagious diseases. Pupils undergo physical examinations, tests for their hearing, tests for their vision and mental tests to determine a student's ability.

Vocational guidance is another new activity that is growing constantly more important in the modern system of education and the Kingston school system is making plans to carry out a well organized vocational program.

Prior to Super Van Ingen's talk, Bill Randle, of Kingston, played the group with two tenor solos with Samuel Seidler, Jr., at the piano. The short business session was in charge of President James Loughran and Joseph Morgan served in the capacity as program chairman of the day's meeting.

### 3 Children Die at Waterbury, 3 Hurt In Coasting Crash

Waterbury, Conn., Jan. 20 (AP)—An automobile which struck six children sailing goodnight after a coasting party left three of them dead today and injured three others, one critically.

The accident also resulted in injuries to the driver and a woman companion.

The dead:

Edmund Boulanger, 8, Wolcott, killed at the scene.

Robert Roberts, 11, Wolcott, died after admission to St. Mary's Hospital.

Virginia Roberts, 14, his sister, who died today several hours after the crash.

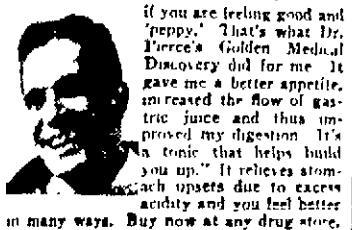

Injured were Claire Boulanger, 13, Edmund's sister; Arthur Boulanger, 11, brother of Edmund; Mary McKenna, 13, and Frank Deegan, 27, of Waterbury, whom police said drove the car; Miss Esther Breane, also 27, Naugatuck. Deegan and Miss Boulanger are on the danger list.

#### Woodstock

Woodstock, Jan. 20 — The Woodstock Home Bureau conducted its second lesson in foods on Thursday at the home of Mrs. Elizabeth Clough. The lesson, "Light refreshments for afternoon and evening parties," was given by the leader, Mrs. Besse Cohn, who directed the preparation of unusual but simple refreshments which were sampled and enjoyed by the members.

Plans were made for the first kitchen conference to be held on February 2. Instead of the customary remodeling of one kitchen this meeting is expected to be somewhat of a forum to which many kitchen problems will be brought for the expert who will attend. The meeting will be an all-day affair for those who wish to

"Glad I'm Alive!"... life is pleasant if you are feeling good and happy. That's what Dr. Pierce's Golden Medical Discovery did for me. It gave me a better appetite, improved the flow of gastric juice and thus improved my digestion. It's a tonic that helps build you up. It relieves stomach upsets due to excess acidity and you feel better in many ways. Buy now at any drug store.

### NEW ENGLAND GOVERNORS AT WHITE HOUSE

After meeting with President Roosevelt in Washington, these New England governors said their experts would confer with federal officials on a flood control program. L. to R.: Lewis C. Barrows, Maine; Robert E. Quinn, Rhode Island; Francis P. Murphy, New Hampshire; Wilbur Cross, Conn.; Charles F. Hurley, Mass.; George D. Alken, Vermont.

Attend the pneumonia lesson following a basket luncheon at noon. The first discussion group in the "About Ourselves" series will meet on Monday afternoon in the home of Mrs. G. C. C. Layman. Miss Florence Webster will lead the group, and Mrs. Augusta Viehmann will present a report on the first chapter of "Keeping Mentally Fit," the book being used by the group.

#### Noda Says, No Excuse

Tokyo, Jan. 20 (AP)—Japan's conflict with China is no excuse for a world-wide naval building race, Rear Admiral Kiyoshi Noda, spokesman for the Japanese naval office, emphasized today. "If any of the powers take the Chinese-Japanese affair as an excuse for building bigger navies, they have misinterpreted point of view," Noda said, "as our sole objective is to secure peace in the Far East thereby."

### Close to Zero Weather Still Grips Kingston

While the intensity of the cold wave that enveloped Kingston on Wednesday has moderated it was still close to zero weather here this morning. The lowest point recorded by the official city thermometer at the city hall was six degrees above zero at 7:30 o'clock this morning. At the same hour yesterday the thermometer recorded a new low of 16 degrees below zero.

The cold wave hit the city on Sunday when a low of 7 degrees above zero was recorded. This was the lowest point reached during the winter up to that date. On Tuesday the lowest point recorded was two below zero and Wednesday the new low of 16 below was recorded.

#### HOT WATER BOILERS EXPLODED YESTERDAY

Wednesday the fire department was called out twice when two hot water boilers in residences blew up. The first call was at the residence of Frank Sass, 142 Hunter street, and the other at the residence of Joseph Adin at 102 Hone street. The explosions were caused by the subzero weather that day.

### Fireman Brown Is Fined by Board

Charles V. Brown, one of the members of the paid fire department who had been suspended from duty last Saturday, charged with a violation of one of the regulations, was given a hearing Wednesday evening at a special meeting of the fire board. The board fined Brown 20 days pay. What regulation was violated was not made public.

### Roosevelt Gives Outline for Advisory Council

(Continued from Page One)

White House callers conferred during the evening with J. P. Morgan, New York financier, who stopped in the capital during a journey south.

The council decided to continue private deliberations today, but Hamilton indicated no further statement would be made. The President's next group meeting with businessmen will bring the heads of the major automobile manufacturing and financing companies to the White House tomorrow.

Because rabbit fur dyes well, it is used in great quantities in imitation of squirrel, seal, beaver, nutria, chinchilla, muskrat, ermine, leopard and other furs.

Fishing Crew Safe  
New York, Jan. 20 (AP)—The government ice-breaker AB-25 resumed its routine task today after

rescuing a fishing crew. Capt. John Lundstedt, commercial fisherman of Islip, Long Island, and crew of two were towed ashore last night aboard the badly damaged 35-foot motor launch "White Cap." The unusual ice conditions, second worst in 25 years, have virtually suspended oyster fishing, throwing several hundred men out of work.

## Mutual Insurance Meeting Held on Tuesday Evening

Woodstock, Jan. 20.—The annual meeting of the Woodstock Mutual Fire Insurance Association was held in the American Legion on Tuesday evening with policy holders present.

Three directors were elected for term of four years: Edward LaMonte, Simpkins, and Kenneth Clark. The officers for the year were elected as follows: President, Sherman L. Short; vice president, Kenneth Clark; secretary, LaMonte; treasurer, Frank Shultis. The executive committee consists of Mr. Clark, Mr. Simpkins, and Leonard A. Conner. Mr. Conner was elected as bookkeeper and stenographer.

A resolution was passed at the meeting expressing sympathy to a member, George Risley, in his loss, through the death of his wife.

Reports of officers and committees showed the year just passed had been the most successful in the history of the association. This is attributed to the fact that early in the year the association was reorganized under the direction of the superintendent of insurance. New rates were revised and brought up to date, classified rates were established and filed in Albany. A revised charter was obtained.

The secretary's report, as approved by the auditors and submitted to the board of directors, showed the association to have in excess of 1,700 policies to a value of more than \$4,000,000 and a net premium profit over the expenses of \$10,500. The auditor's report shows a sum of \$45,000 in his hands as of December 31, 1937.

## Services at Temple Emanuel

A dedication and memorial service will be held at Temple Emanuel on Friday evening, January 21, at 7:45. The temple has been newly decorated and lights have been installed in memory of some of the departed members of the congregation. Representatives of the various Temple societies will bring a word of greeting at the service and Rabbi Bloom will preach on the text, "This House Shall Be a House of Prayer for All Nations."

On Saturday morning at 10 o'clock services conducted by the children will be held in the temple. Adults are welcome. Rabbi Bloom will speak on the lesson of the week.

On Wednesday evening, January 26, the Adult class in Hebrew and Jewish Biography will meet at Rabbi Bloom's home.

On Thursday evening, January 27, the Talmud will convene at the temple.

## ROOSEVELT BEGINS 2ND YEAR OF SECOND TERM

Washington, Jan. 20 (AP).—President Roosevelt completed the first year of his second term today, facing new problems born of a business recession, but clothed by the supreme court with powers to meet them.

Historians may remember the year for two reasons: The industrial decline that marked its final month. The momentous judicial developments in which the President suffered his most severe legislative defeat but ultimately triumphed in his demand for broader supreme court interpretation of the constitution.

Partly because of the bitterness engendered by his court reorganization bill, Congress moved away from the President during the year almost as decisively as the supreme court moved toward him.

The change in the business situation was equally marked. A year ago, when industry was booming, Mr. Roosevelt said in his inaugural speech, "Our progress out of the depression is obvious."

## 3 Cases on Home Relief

The board of public welfare in the City Home today it stated that up to noon there were 513 cases on home relief in Kingston. At the same time last year the number on relief was 485.

These 513 cases do not include families whose members are working on WPA projects in the city.

Charged With Burglary Edward Czerwinski, 21, of Huron was arrested today by officers Barmann and Cramer of Kingston police department. Czerwinski is charged with burglary in the third degree. He is accused of having broken into the cigar warehouse on North Front street during the night and steal four rifles. The rifles were recovered today by the police. Czerwinski will be arraigned later before Judge Matthew V. Cahill in court.

Cafeteria Supper. The Ladies' Aid Society of the Flatbush Reformed Church will hold a cafeteria supper in the church hall on Wednesday, January 26, at 5:30 p. m.

**Departs for Dublin** London, Jan. 20 (AP).—Prime Minister Eamon de Valera of Ireland departed for Dublin today, leaving his trade experts to carry on economic negotiations he started in three-day conversations with British statesmen. De Valera failed in efforts to press the question of uniting Ireland with Ulster (North Ireland), and economic agreement now has become the paramount objective of the negotiations.

**Ten days, Disorderly Conduct.** Robert McKaig, of Ulsterville, arrested yesterday by Deputies Vredenburg and Brown, on a disorderly conduct charge, was given ten days in the Ulster county jail when arraigned before Justice Seth C. Lippincott.

**Called for Chimney Fire.** Wednesday afternoon the fire department was called for a chimney fire at the residence of Paul Lumbert at 25 Abbey street. There was no damage.

## Martens Kin of Weasel;

About as Large as Mink

The Marten belongs to the weasel  
family and is carnivorous. It is  
about as big as a mink and differs  
but little in form from the latter,  
save that its feet are larger and  
hairier to the toes and its tail is some-  
what larger and a dark brown color.  
The fur of the American Pine  
marten is generally of a yellowish  
brown color, but varies greatly ac-  
cording to latitude, season and lo-  
cality. The Hudson's bay and Lake  
Superior Marten are dark colored.

The favorite haunts of these ani-  
mals, according to an authority in  
the Montreal Herald, are the thick  
dark woods of the cold snowy re-  
gions. They are strictly arboreal  
in their habits. They generally live  
in hollow trees, but occasionally  
they excavate dens in the ground.  
They feed on rabbits, birds, squir-  
rels, mice and other small ani-  
mals; are fond of beech nuts and it  
is said resemble the bear in their  
fondness for honey. They are active  
climbers.

It is thought that a Marten exists  
in the northwestern part of British  
America, which if not the same is  
very closely allied to the Russian  
sable.

The color of the Russian sable is  
a rich brown slightly mottled with  
white about the head, and having a  
gray tinge about the neck.

## Description of Mediterranean

The Mediterranean is a million  
square miles of warm, blue, and  
peaceful seas. . . . Smallest ocean  
on the globe, yet more famous in  
history than all others combined.  
The greatest ocean of the an-  
cient world. . . . The sea of the ages.  
Linked intimately with the his-  
tory of Spain, France, Italy, Greece,  
Syria, Asia Minor, Egypt, and North  
Africa. . . . An ocean with only one  
large contributory river, the Nile.  
Phoenicians, Carthaginians,  
Venetians, Greeks, and Romans  
ruled its waves. . . . Here Odysseus  
journeyed home from Troy. . . .  
Caesar's dreadnoughts and the ar-  
gonauts of Byzantium. . . . The he-  
roes of the Bible, of Greece, of  
Rome all knew it.

## IN WEATHER DATA

## Forecasting System Is De-

## clared Best in History.

Washington.—The United States  
has developed the most advanced  
weather forecasting system in his-  
tory. Dr. W. R. Gregg, chief of the  
weather bureau, discloses.

The bureau this year has saved  
many lives and hundreds of mil-  
lions worth of property through ad-  
vance warnings of floods, freezes  
and storms. Dr. Gregg said in a re-  
port to Secretary of Agriculture  
Henry A. Wallace.

Most notable of the advances  
made in weather forecasting dur-  
ing the last year was made, Dr.  
Gregg said, in weather reporting  
for airway services. The bureau  
added 120 airway reporting stations  
bringing the total to 782 stations.

The public, he said, hears much  
of the few airplanes that crash, but  
nothing of the hundreds of crashes  
which probably were averted  
through advance warning of unfa-  
vorable weather conditions. A new  
airway general supervising and  
forecasting center was established  
at Arlington, Va., during the year.

Hurricane-warning service by the  
bureau was strengthened by estab-  
lishment of an improved reporting  
system in the Bahamas. Twenty  
stations on the islands now supply  
daily information of vital im-  
portance in forecasting the approach  
of hurricanes toward the mainland.

"The year afforded some force-  
ful and dramatic examples of the  
importance, at times tragic, part that  
unfavorable weather plays in hu-  
man affairs and of the highly con-  
structive role that an efficiently or-  
ganized weather service can as-  
sume in mitigating the effects of  
such weather," Dr. Gregg said.

The weather bureau was of "in-  
estimable value," Gregg said, "in  
day-to-day reports of the 1936 drought  
and the floods of last spring. Eco-

## Eugene Bradford's License Suspended But He Drove Car

Eugene Bradford, 39, of 208 Greenhill avenue, found out this morning that it does not pay to operate an automobile while his operator's license was suspended by the state motor vehicle bureau. He was arrested on that charge on Wednesday, and this morning in police court Judge Matthew V. Cahill imposed a fine of \$25.

John Smothers, a negro, of Goldrick's Landing, found asleep in the basement of the Rogers bakery on Sycamore street, was given a suspended sentence this morning. He explained to Judge Cahill that last night was extremely cold and one of the men employed at the bakery had allowed him to enter the basement to get warm. He said he had fallen asleep and was not awakened until this morning when one of the clerks going down cellar to throw some coal on the furnace found him asleep.

## K. of C. To Hold Supper and Dance

On Saturday the Knights of Columbus Council will hold an informal supper and dance at the Crystal Ballroom of the Governor Clinton Hotel. Bob Steuding and his orchestra will supply the music.

Dancing will start at 10 o'clock and a delicious supper will be served promptly at midnight. All members of the council and their friends are cordially invited.

Tickets may be obtained from Frank Reis or any member of his committee and at either one of the two O'Reilly stores. Every one who expects to attend is urged to make his reservation promptly so that the committee may make definite arrangements for the supper.

## WOODSTOCK

Woodstock, Jan. 20.—Mrs. Hattie Van Ethen celebrated her 75th birthday on Tuesday. She was visited by many friends and relatives and received numerous cards and gifts. Mrs. Van Ethen is the mother of Mrs. Lamonte Simpkins, and the sister of Mrs. Sheldon Vredenburg of Zena and Charles Klorstedt of West Hurley. The Sheldon Vredenburg farm in Zena was once the old Klorstedt farm, which was the home of Mrs. Van Ethen, her brother and sister, years ago.

During her recent trip to Washington and New York Mrs. Alice Thompson, Woodstock librarian, visited a number of Woodstockers away for the winter. Among them were Mr. and Mrs. G. W. Travis, and the Misses Bertha, Laura and Annie Thompson.

## GLEE CLUB TO SING AT WOODSTOCK CHURCH, JAN. 31

Woodstock, Jan. 20.—The Catskill Mountain Glee Club will present a concert in the Reformed Church on Monday evening, January 31, at 8:15, under the sponsorship of friends of the church. This is the 11th season of the club which has already received a warm welcome in Woodstock. The program is to be the first of a series of entertainments to be given in conjunction with voluntary contributions, by friends of the Reformed Church. It is their desire to express substantial appreciation to the consistency and pastor for courtesies which have been extended to the village through the use of their property on many occasions; and to assist in the maintenance and restoration of this historic landmark.

## Warehouse Of Herzog Robbed

Some time during the night the M. H. Herzog warehouse on North Front street, formerly the old Mitchell House, was burglarized. Entrance was obtained by smashing in one of the rear doors.

Several guns were stolen from the stock, which were recovered this morning by members of the police department. The burglary was discovered this morning when employees went to the warehouse to report for work, and the police were notified.
